The above list is not all-inclusive. Many smaller Illinois communities are acceptable. This list is not based on physician to patient ratio but is based on size of community. Cook and the collar counties and other larger metropolitan areas are not included. Few, if any, opportunities exists in these areas. NOTE: Except for the communities expressly listed herein, there can be no guarantee that any Illinois community will be acceptable, regardless of size or rural character of the community as it exists at the time of the execution of this Agreement. **Board approval is required before your commitment to an area not included upon this list. Please contact the RIMSAP Manager for clarification or any questions you may have.**
